

VXT >>> Retrofit Opportunities

High temperature execution CPVC fill

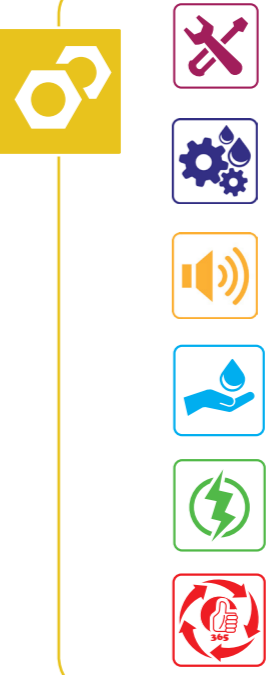

Steel drift eliminators

Oversized motor & Drive set

Discharge hood

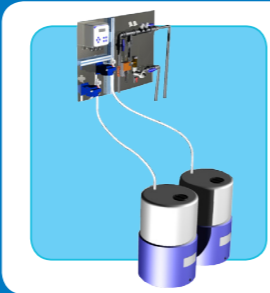

- Improve maintenance and accessibility
- Enhance operational safety
- Reduce sound emission
- Save water
- Save energy and increase performance
- Increase reliability

External platform with ladder & casing railing

Clean out port

BCP automatic bleed control

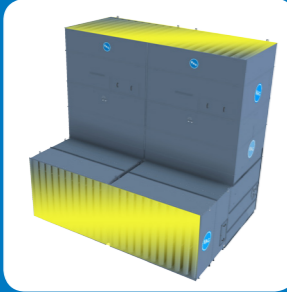

Separator

Basin sweeper piping

Plume abatament coil

Fan guard

Intake & discharge attenuation

Baltiguard (standby motor & motor base)

Heater package

Electric water level control package
